D. S. Whittier, of this city, is said to have received from Kentucky on Friday a pair of the finest horses ever brought to this city. The animals are not yet four years old, but have trotted together in 2:50.

During the month of February the Home for Friendless Women received forty-six women and twelve children; sent out to homes and friends twenty-six women and twelve children, leaving in the home twenty wo-men and five children. It is in straits now for means, and benevolent-minded people can do a great deal of good by assisting this worthy charity as they are able.

RINK NOTES.

It is rumored that Mr. S N. Bannister is to take the management of Meridian Rink. There will be an interesting game of polo to morrow evening at the Meridian Rink between the Meridian and Halcyon clubs.

The fourth fancy dress carnival of the sea-con will take place at the Wigwam Rink on the 17th of this month. It will probably be the last of the season.

The Wigwam Rink was crowded to over-lowing at each session yesterday. Saturday afternoon has become almost exclusively "children's day" at this popular resort.

"children's day" at this popular resort.

Mr. George A. Murray has severed his connection with the Meridian Rink, and there are hundreds of people in this city who will say when they hear of his action, "I am sorry." This rink was opened last August, with Mr. M. as its manager, which position he has filled in a most acceptable manner. He was highly esteemed by his employers and exceedingly popular with the patrons of the rink. Mr. Murray is a patient, careful and scienced teacher of the art of roller skating, a clever entertainer, thorough in all of the routine details, and is at all times a perfect gantleman. Mr. Murray has not fully decided upon his future gourse, but shouldfile leave Indianapolis the

promises to its patrons a series of attractions for next week that should satisfy all lovers of athletic sport. Prince Wells, the champion bicycle rider of the South, will enter into a speed contest with Mr. Walter Dean on skates. Little wheels against big wheels will make an exciting contest, and should draw large crowds. Mr. Wells will also give an'exhibition of fancy bicycle riding on Wednesday afternoon, on which occasion spectators will have an opportunity to see one of

the most expert bicy clists in the country. The Board of Directors of the College Avenue Rink Association have engaged A. B. Cutter as manager. The board is to be congratulated upon their good fortune in securing the services of so competent and successful a rink manager as Mr. Cutter. It is unnecessary to tell the skating public who Mr. Cutter is, as he is so well and favorably known, having been connected with the rink business for several years, and is one of the most skilled instructors and expert skaters in the West. Mr. Cutter will give personal instruction and assistance to all desiring to learn to skate.

Judge Ayres yesterday wound up the business of the Circuit Court for the present term. A large number of small matters were called up and disposed of in various ways. Among other matters the commissioners appointed to count the ballots in the contest suits of Wright vs. Reveal and Smart vs. Miller put in their claims for \$12 daily for the services rendered, they arguing that, as the law provides for \$6 a day, and they counted for two cases at the same time, they are entitled to wages for full services in each case.
